Instructions for Medical Group Practices and Solo Practices to Access Their 2014 Supplemental QRURs

I. Introduction

In fall 2015, the Centers for Medicare and Medicaid Services (CMS) made available the 2014 Supplemental Quality and Resource Use Reports (QRURs) to every group practice and solo practitioner nationwide, as identified by their Medicare-enrolled Tax Identification Number (TIN), with information on the management of their Medicare Fee-For-Service (FFS) patients based on episodes of care (“episodes”).

The performance period for the 2014 Supplemental QRURs is January 1, 2014 through December 31, 2014. The Supplemental QRURs are confidential feedback reports provided to medical group practices and solo practices to show payment-standardized, risk-adjusted cost information on the management of their Medicare FFS patients based on episodes of care. The Supplemental QRURs are currently for informational purposes only and complement the per capita cost and quality information provided in the QRURs. More information about the 2014 Supplemental QRURs is available at https://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/Episode-Costs-and-Medicare-Episode-Grouper.html.

The 2014 Supplemental QRURs and the Drill Down Tables can be downloaded and exported to PDF and Excel format, respectively. This Access Guide illustrates how to access and download the 2014 Supplemental QRURs and Drill Down Tables from the CMS Enterprise Portal.

II. Getting Started

Authorized representatives of groups and solo practitioners can access the 2014 Supplemental QRURs at https://portal.cms.gov using an Enterprise Identify Management (EIDM) account with one of the following roles:

- For a group with 2 or more eligible professionals (EPs) (TIN with 2 or more National Provider Identifiers (NPIs) that bill under the TIN):
  - Security Official
  - Group Representative
- For a solo practitioner (TIN with only 1 NPI that bills under the TIN):
  - Individual Practitioner
  - Individual Practitioner Representative

Instructions for obtaining an EIDM account to access the 2014 Supplemental QRURs are available at http://www.cms.gov/Medicare/Medicare-Fee-for-Service-Payment/PhysicianFeedbackProgram/Obtain-2013-QRUR.html.

- If a group has already accessed its 2014 Annual QRUR, then that same person who accessed the Annual QRUR can access the group’s Supplemental QRURs using their EIDM User ID and password.
- If a group or solo practitioner does not have an authorized representative with an EIDM account with the correct role, then one person representing the group or solo practitioner must sign up for an EIDM account with the Security Official role (if representing a group) or the Individual Practitioner role (if representing a solo practitioner).

If you have questions about the 2014 Supplemental QRURs and Drill Down Tables, or need assistance accessing any of the reports, please contact the Physician Value Help Desk by phone at 1-888-734-6433 (press option 3). Normal business hours are Monday–Friday from 8 am to 8 pm EST.
If a group or a solo practitioner has a representative with an existing EIDM account, but not one of the group-specific (if representing a group) or individual-specific (if representing a solo practitioner) roles listed above, then ensure that the account is still active and then add a role to that person’s existing EIDM account. To ensure the EIDM account is still active, please contact the QualityNet Help Desk.

III. Questions

For questions about setting up an EIDM account, please contact the QualityNet Help Desk:
- Monday – Friday: 8:00 am – 8:00 pm EST
- Phone: (866) 288-8912 (TTY (877) 715-6222)
- Fax: (888) 329-7377
- Email: qnetsupport@hcqis.org

To find out whether there is already someone who can access your TIN’s Supplemental QRUR, please contact the QualityNet Help Desk and provide your TIN and the name of your group (or your name, if you are a solo practitioner).

For questions about information contained in your 2014 Supplemental QRUR or to provide feedback to CMS, please contact the Physician Value Help Desk:
- Monday – Friday: 8:00 am – 8:00 pm EST
- (888) 734-6433 (press option 3); (TTY (888) 734-6563)
- Email: pvhelpdesk@cms.hhs.gov

If you have questions about the 2014 Supplemental QRURs and Drill Down Tables, or need assistance accessing any of the reports, please contact the Physician Value Help Desk by phone at 1-888-734-6433 (press option 3). Normal business hours are Monday-Friday from 8 am to 8 pm EST.

If you have questions about the 2014 Supplemental QRURs and Drill Down Tables, or need assistance accessing any of the reports, please contact the Physician Value Help Desk by phone at 1-888-734-6433 (press option 3). Normal business hours are Monday-Friday from 8 am to 8 pm EST.
V. **Access the 2014 Supplemental QRUR**

There are two ways to access the **Supplemental QRUR**. The user may choose one of the following:
- Physician Value (PV) Landing Portlet ([see pages 4-10](#))
- Directly from the **CMS Enterprise Portal** ([see pages 11-13](#))

A. **How to Access Supplemental QRURs via the PV Landing Portlet**

In addition to accessing the Supplemental QRUR, the PV Landing Portlet will also allow users to view the information related to PV, and access other PV applications.

<table>

| 6. Select the Credential Type from the drop-down menu, and then select Send to receive a Security Code. The word Success will be displayed once a security code has been successfully sent.  
*Note: You previously registered to complete the MFA process when setting-up your Physician Quality and Value Programs account. Please ensure that you select the same Credential Type you selected when registering for the MFA process during your initial account set-up. If you select a different Credential Type, you will receive an error message stating you did not.* | CMS.gov Enterprise Portal  
Welcome to CMS Enterprise Portal  
Enter Security Code  
A security code is required to access this page. When you originally requested access to this application the system required you to set up a Phone, Computer, or E-mail in order to retrieve a security code for Multi-factor Authentication (MFA). If you did not complete the Multi-factor Authentication registration process, please select 'My Access' from the 'CMS Portal Home' page. Then, follow the necessary steps to complete the role request process. If you have completed the MFA setup process but are now having issues retrieving a security code please contact your application’s help desk.  
To retrieve the security code, please select the same credential type that you originally selected when first requesting access to the application from the drop down box (SMS, VR or OTP). When entering the security code please enter it promptly as the code will expire for security purposes.  
If you selected the E-mail One Time Password (OTP) option when you requested access your security code will be sent to the e-mail address on your profile within 5 minutes. When entering the security code, please enter it promptly, as the security code will expire after 30 minutes or if used is successful attempt.  
![Send](image3)  
![Credential Type](image4) |

### Medicare Fee For Service

**2014 Supplemental QRUR: Episodes of Care**  
Performance Period: 01/01/2014 - 12/31/2014

The 2014 Supplemental Quality and Resource Use Reports (QRURs) provide information to medical group practices and solo practices on their resource utilization for the management of episodes of care ("episodes") for their Medicare fee-for-service (FFS) patients. The 2014 Supplemental QRURs are for informational purposes only and provide actionable and transparent information on resource use to assist medical group practices and solo practices, as identified by their Medicare-enrolled tax identification number (TIN), in improving their practice efficiency. This report is limited to 25 major episode types and an additional 38 episode subtypes, resulting in 64 total reported episodes. The 64 reported episodes can be classified into condition episodes and procedural episodes and include the following:

### Condition Episodes

1. Acute Myocardial Infarction (AMI) (All)  
2. AMI without PCI/CABG  
3. AMI with PCI  
4. AMI with CABG  
5. Asthma/Chronic Obstructive Pulmonary Disease (COPD), Acute Exacerbation  
6. Atrial Fibrillation (AFib)/Flutter, Acute Exacerbation  
7. Cellulitis (All)  
8. Cellulitis in Diabetics  
9. Cellulitis in Patients with Wound, Non-Diabetic  
10. Cellulitis in Obese Patients, Non-Diabetic without Wound  
11. Cellulitis in All Other Patients  
12. Gastrointestinal (GI) Hemorrhage (All)  
13. GI Hemorrhage, Upper and Lower  
14. GI Hemorrhage, Upper  
15. GI Hemorrhage, Lower  
16. GI Hemorrhage, Undefined  
17. Heart Failure, Acute Exacerbation  
18. Ischemic Stroke  
19. Kidney and Urinary Tract Infection (UTI)  
20. Perioperative Inpatient (PIP) Based  
21. Aortic Aneurysm Procedure (All)  
22. Abdominal Aortic Aneurysm Procedure  
23. Thoracic Aortic Aneurysm Procedure  
24. Aortic/Mitral Valve Surgery (All)  
25. Both Aortic and Mitral Valve Surgery  
26. Aortic or Mitral Valve Surgery  
27. Carotid Endarterectomy  
28. Cholecystectomy and Common Duct Exploration (All)  
29. Cholecystectomy  
30. Surgical Biliary Tract Procedure  
31. Coloscopy (All)  
32. Colonoscopy with Invasive Procedure  
33. Colonoscopy without Invasive Procedure  
34. Coronary Artery Bypass Graft (CABG)  
35. Hip Fracture or Dislocation Treatment, IP-Based  
36. Hip Replacement or Repair (All)  
37. Hip Arthroplasty  
38. Hip Arthroscopy and Hip Joint Repair  
39. Knee Arthroplasty  
40. Knee Joint Repair (All)  
41. Meniscus Repair  
42. Renal Transplant

### Note 1: If you are not receiving a full report you will see the information on the Overview tab only. The remaining tabs will not display information.

### Note 2: Due to the spacing limitation, only a sub-section of the screen is shown. Please use the scroll down feature in the report to view the full Condition and Procedural Episodes list.
2. Use the buttons on the Toolbar at the top of the report to navigate within the MicroStrategy Web Platform.

Note: Ensure that the Zoom setting in the MicroStrategy Toolbar is set to 100%; otherwise, the report may not appear in the correct format.

3. a). The 2014 Supplemental QRURs Report is displayed within the MicroStrategy Web Platform and the Overview section is displayed by default.

Note: Due to the spacing limitation, only a subsection of the screen is shown. Please use the scroll down feature in the report to view the full Condition and Procedural Episodes list.

If you have questions about the 2014 Supplemental QRURs and Drill Down Tables, or need assistance accessing any of the reports, please contact the Physician Value Help Desk by phone at 1-888-734-6433 (press option 3). Normal business hours are Monday-Friday from 8 am to 8 pm EST.

   The **ABOUT THE DATA IN THIS REPORT**

   The 2014 Supplemental QRURs provide actionable and transparent information on episodes to assist medical group practices and solo practices in improving their practice efficiency and care coordination. These reports are for informational purposes only. The introduction presented here provides a summary of key information needed to understand the reports. The final section describes where to find more information on the episode and report methodology.

   An episode is a resource use measure that includes the set of services provided to diagnose, treat, manage, and follow-up on a specified clinical condition. The episode measures in the 2014 Supplemental QRURs allow for comparison between providers because they are created through the following steps: i) begin an episode and include, or “group,” subsequent services during a specified time period only if they are clinically related to treatment of the episode; ii) use payment standardization and risk adjustment to remove differences in Medicare payment policy and patient health status that can affect episode costs that are outside the control of the provider managing the episode; and iii) attribute responsibility and report results to the provider or providers that are most involved in managing the episode. The remainder of this introduction describes each of the three steps in turn.

   **EPISODE CONSTRUCTION**

   Episodes are opened when specific billing codes on a claim indicate the presence of the episode condition or procedure. Once an episode is opened, episode grouping methodologies implement clinical logic to parse the services provided to the beneficiary and allocate clinically relevant services to one or more episodes. The clinical logic defines relatedness of a service to an episode based on diagnosis or service codes on the claims. The total episode cost is the sum of the payments for all grouped services that occur during the specified episode time window. (Outpatient prescription drug (Part D) costs are not included in these episodes.) The episode grouping algorithms applied in this report are specially designed for constructing episodes in the Medicare population.

   **PAYMENT STANDARDIZATION AND RISK ADJUSTMENT**

   b). Select the hyperlinks provided in the **More Information** section within the **Supplemental QRUR** to navigate to the designated information or to access external websites.

   **Note:** The screenshot illustrates an example of links to external websites. The links that appear in the report are only active while reviewing the report within the **MicroStrategy Web Platform**.

If you have questions about the 2014 Supplemental QRURs and Drill Down Tables, or need assistance accessing any of the reports, please contact the Physician Value Help Desk by phone at 1-888-734-6433 (option 3). Normal business hours are Monday-Friday from 8 am to 8 pm EST.
5. a). Select the Exhibit 1 tab to view the summary of the cost of all episodes attributed to your TIN compared to the national average. The information is presented graphically for:
   - Condition Episodes
   - Procedural Episodes

**Note 1:** The report content will be displayed based on your TIN and the Grouping drop-down menu selection.

**Note 2:** Due to the spacing limitation, only a sub-section of the screen is shown. Please use the scroll down feature in the report to view the Condition and Procedural Episodes.

---

If you have questions about the 2014 Supplemental QRURs and Drill Down Tables, or need assistance accessing any of the reports, please contact the Physician Value Help Desk by phone at 1-888-734-6433 (press option 3). Normal business hours are Monday-Friday from 8 am to 8 pm EST.
