

The QHN platform gives providers the flexibility to upload Advance Care Planning (ACP) documents into the system for ease of document access across the continuum of care.

How to access ACP documents:

- Navigate to the **Patient Summary** section for the patient of interest.
- If patient has ACP Document(s) **ACP flag** will display.
- Click on **Patient Documents**.
- Click on **Document** to open.
- Patient documents may be sorted by **Type**.
- If document is no longer valid "Expired" will be in file name.
