

Updated: July, 2017

Image Exchange provides community-wide access to full diagnostic quality medical images, via QHN. With a single click from a QHN results report, imaging exams from connected image providers, can be viewed using an diagnostic quality Image Viewer which includes a full complement of viewing tools. Images are also accessible from mobile devices using iOS Mobile.

### **To View Images:**

 Navigate to the Radiology Result for the patient of interest in QHN.

Improving care through shared technology

- 2. Open **Result**, the View Image button will appear at the top of the dialogue box and a Image Link option with the required PIN.
- Click either to view image. The View Image button automatically launches Viewer and images will load. If you opt to click the Image Link you will be prompted to enter the PIN.

If you receive a message that your browser has blocked popups from QHN's server location, choose "Always allow for this site," note below.
