

# Telligen QI Connect™

## Telehealth During COVID-19: Ensuring Reimbursement

### Event at a Glance:

Telligen, the Quality Innovation Network-Quality Improvement Organization (QIN-QIO) for Colorado, Iowa, Illinois, and Oklahoma, in partnership with the University of Colorado Practice Innovation Program, invites you to join a webinar and question and answer session during which our expert speakers will provide an overview of the CMS waiver 1135 rules as well as recommendations for coding and documentation for use of telehealth during COVID-19, so that patients can be cared for without leaving the safety of their homes.

Telehealth refers to the exchange of medical information from one site to another through electronic communication to improve patient's health. 😊

### Objectives:

- Understand the telehealth benefit under the CMS 1135 waiver, a temporary and emergency measure
- Learn about telehealth benefits for Medicaid and commercial payers
- Identify qualified and non-qualified providers eligible to bill telehealth codes
- Identify proper coding for telehealth services and when to use telehealth modifiers
- Describe proper documentation for telehealth visits
