## QUALITY HEALTH® N·E·T·W·O·R·K

# Connecting People for Better Health

*Securely sharing patient medical, social, and behavioral data to:*

Enhance care quality ★ Reduce service duplication
Enhance care coordination ★ Reduce cost of care

Social Agencies

Health Records (State, Fed., VA)

Family Practices

Public Health

Admits, Discharges, Clinical Notes, Images, Continuity of Care, Orders, Patient Events

Behavioral Health

Emergency Rooms

Jails

# QHN boosts community-wide health through constant collaboration and excellence in innovation

We are an award-winning, not-for-profit community partnership serving western Colorado. Established in 2004, we facilitate the availability of information to optimize the medical, social, and behavioral health of our communities. Our whole health information exchange uses unique technologies to help you securely share information to enhance care and identify those at risk so that efforts can be focused where they're needed most.

## How We Improve Care and Outcomes for the 'Whole Person':

**QHN Results |** Immediately and securely access comprehensive patient data and imagery. Ensures patients receive the best possible care while saving time and money.
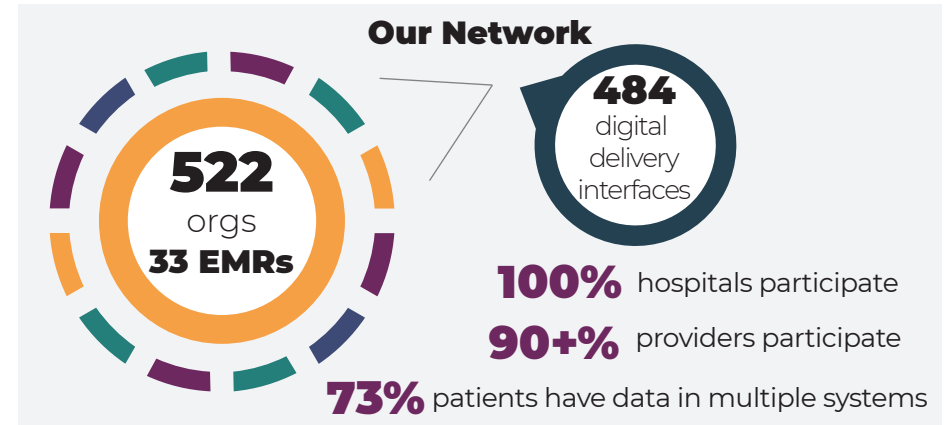

**Real-Time Notifications and Alerts |** Providers are informed about changes in circumstances to allow proactive follow-up and improved outcomes.

**Care Summary Exchange |** Continuity of Care Documents (CCDs) are stored and exchanged to improve care.

**Direct Messaging |** Allows for secure communication.

**Quality Measures and Reporting |** Helps providers report quality measures, including HEDIS, to better fill gaps in care and improve disease state management.

**Community Resource Network |** Referral, case management, and care coordination system that connects to the HIE's MPI to give providers a whole health (medical, behavioral, and social) overview.

### Our Network

**522** orgs
**33 EMRs**

**484** digital delivery interfaces

**100%** hospitals participate
**90+%** providers participate
**73%** patients have data in multiple systems

### The QHN "hub" shares data with HIE's throughout the USA

**33** HIEs

Reliance, IHDE, NDHIN, HealtheConnections, Rochester RHIO, WISHIN, GLHC, HEALTHeLINK, SacValley MedShare, Western, UHIN, WYFI, IHIN, MHIN, OHIP, BRONX RHIO, QHN, CORHIO, NeHII, KHIN, HealthLINC, GDAHIN, THC, Healthix, SCHIO, HealthHIE Nevada, KHIE, WVHIN, Heartland, LANES, MHC, eTHIN, NC HIEA, MyHealth Access Network, Midwest, Health Current, SHARE, GRACHIE, SDHC, Alabama One Health Record, Central, HHIE, HASA, LHCQF, healtheConnect Alaska

Legend:
- Regional Gateway Connections
- PCDH Participating Members
- Other SHIEC Members
- Exchanging nationally
- Only exchanging with the west

## Our Network helps you save money, time, and even lives.

We:
- Deliver data to EMRs
- Aggregate and analyze data
- Identify gaps in care
- Improve quality measure reporting
- Improve the ability to manage population health
- Enhance coordination of services
